Global Offices: India | Singapore | Malaysia | China | Hong Kong | Philippines | Australia | Dubai | USA | Canada |
United Kingdom | Germany | Switzerland | South Africa | Sudan

Overview on the results:

- Overall deal size of the new orders won have increased over the last few years.
- **Unexecuted order book** is growing which is a sign that we are growing stably and revenues are secure
- **Shifting towards large deals:** Avg. deal size in the pipeline funnel has also increased during the quarter.
- As most of the bookings are on cloud, there is a Low conversion of **New order's Booking is to revenue ration** (i.e 15%) in Q1 FY18 as comparative to 30% of whole of FY17. If the conversation rate was 30% this quarter as well, we would have got 2.2 Mn more revenue.
- **Provision for debtors** is being made conservatively and is spread over the year.

Organization is moving towards sailing into the blue ocean:

- Focus moving forward:
 - Global Payroll/HCM and Logistics expansion continues.
 - Higher order booking
 - Focus is not on short term profitability. We don't want to compete with traditional ERP products.
 - With a long term vision, we will continue to make investments to expand into more countries and to sail into the blue ocean to be ahead of the competition:

ERP

- For the 1st time ever Ramco covered under Gartner Magic Quadrant for Financials
- Logistics :
 - 40% of current quarter order booking is from Logistics segment
 - Currently in the market there is only competition among single components of Logistics product. There is no competition for the overall logistics segment where we are targeting!

HCM - Payroll

- We are making investments to expand the country reach which is helping us win multi country deals
- We added Japan to the list and will be adding UK and Ireland soon
- We are ahead of competition by having multi country payroll in almost every country in ASIA and Middle East.
- We already have 2 out of the top 5 consulting companies as customers who are using our platform to onboard their customers, which is going at a slow pace.
- HCM payroll product is available to download pays lips in many regional languages
- HCM got its first Chat Bots win this quarter. Among Q1 order wins, 2 customers bought Chat Bots.

Aviation

- We recently won 1 customer from Helicopter side and 2 from MRO in China
- Having local nationals as employees in China and other countries in ASIA is helping us win more deals.
