Leading Aerospace Services Provider specializing in the UH-60 Black Hawk platform,
Sahar Group Selects Ramco Systems

To drive digital transformation and support strategic growth with Ramco Aviation Software

Miami, Florida / Princeton, New Jersey, UNITED STATES – March 04, 2026 – Enterprise aviation software provider **Ramco Systems Corporation, USA (RSC)**, a subsidiary of [Ramco Systems Limited](#), announced that [Sahar Group](#), a leading aerospace services provider specializing in the UH-60 Black Hawk platform, has selected Ramco's next generation [Aviation Software](#) to support its ongoing growth initiatives. This win further expands Ramco's presence within Miami's established aviation MRO industrial base.

As part of Sahar Group's plan to scale its commercial operations and expand into new aviation segments such as Parts Manufacturer Approval, Supplemental Type Certificates, and helicopter sales and leasing, the organization is investing in a modern, unified digital platform to manage increasing operational complexity. Ramco Aviation Software will serve as the core system foundation supporting this strategy, enabling greater visibility, control, and coordination across key business functions.

With integrated capabilities covering Maintenance Planning, Component Maintenance, Supply Chain, MRO and Part Sales, Quality and Compliance, and Finance, Ramco Aviation Software will provide Sahar Group with end-to-end lifecycle coverage across its operations. This will help streamline processes, improve data accuracy, and support faster decision-making, ultimately enhancing service levels and customer experience.

In addition, Ramco's digital tools, including Ramco Anywhere mobile applications for mechanics and warehouse staff, real time dashboards, HUBs, and e-Signoff, will support Sahar Group's efforts to improve operational efficiency and productivity while advancing toward paperless, digital-first operations.

(L-R) **Sahily Támara, Cofounder & VP of Operations, Sahar Group**, and **Manoj Kumar Singh, Chief Customer Officer – Aviation, Aerospace & Defense, Ramco Systems**, during the signing ceremony held at Sahar Group's office in Miami

Arnold Escobar, CEO, Sahar Group, said, "As part of our plan to scale and diversify our operations, we needed a platform that could support long-term growth without compromising operational discipline. Ramco Aviation Software stood out due to its established presence in the helicopter, defense, and component MRO spaces and

its proven ability to deliver industry-ready digital capabilities. This investment enables us to modernize our operations in a way that directly enhances the experience we provide to our customers.”

Manoj Kumar Singh, Chief Customer Officer – Aviation, Aerospace & Defense, Ramco Systems, said, “Our selection by Sahar Group serves as further validation of Ramco’s ability to support the complex needs of helicopter and defense MRO service providers. By combining deep aviation domain expertise with AI, we are helping organizations shift toward more predictive, data-driven maintenance services. We look forward to partnering with Sahar Group on their long-term ambitions through a platform built for scale, precision, and operational rigor—underpinned by our AI-driven vision for the future evolution of aviation MRO worldwide.”

[Ramco Aviation Software](#) is trusted by 24,000+ users to manage 4,000+ aircraft globally. With 90+ Aviation organizations onboard, Ramco is the solution of choice for top Airlines, 3rd party MROs, large Heli-Operators, leading Defense organizations, and major Urban Air Mobility companies around the world. Available on cloud, Ramco Aviation Suite provides accessibility with ‘Anywhere Apps’, significantly accelerating organizational efficiency and agility. Ramco is changing the paradigm of enterprise software with Artificial Intelligence based solutions, intelligent voice enabled user experience, and advanced features such as digital task cards, offline maintenance capability, conversational chatbots, HUBs and cognitive solutions.

About Sahar Group:

Sahar Group is a leading aerospace services provider specializing in the UH-60 Black Hawk platform, offering fully integrated, depot-level maintenance solutions from nose to tail. Certified to FAA, EASA, UK CAA, and AS9100/AS9110 standards and fully ITAR-registered, Sahar Group operates multiple facilities across Florida and supports operators throughout the United States, Latin America, and Europe.

Serving both commercial and military customers, Sahar Group delivers scalable, cost-effective, and high-performance MRO solutions designed to minimize downtime and optimize aircraft lifecycle costs. Its comprehensive depot-level capabilities span structures, hydraulics, dynamic components, and rotor systems, positioning Sahar Group as a trusted strategic partner for fleet sustainment and readiness.

Beyond MRO, Sahar Group provides vertically integrated lifecycle support, including parts distribution, aircraft acquisition, and return-to-service programs. Through participation in the U.S. Army BEST Program and UH-60 aircraft acquisitions for part-out, Sahar Group maintains a robust inventory of mission-critical components—such as T700 engines, main rotor blades, and hydraulic systems—enabling rapid response, reduced lead times, and comprehensive fleet sustainment solutions.

About Ramco Systems:

Ramco Systems is a world-class enterprise software product/ platform provider disrupting the market with its multi-tenant cloud and mobile-based enterprise software, successfully driving innovation for over 25 years. Over the years, Ramco has maintained a consistent track record of serving 800+ customers globally with two million+ users and delivering tangible business value in Global Payroll, Aviation, Aerospace & Defense, and ERP. Ramco’s key differentiator is its innovative product development approach through its revolutionary enterprise application assembly and delivery platform. On the innovation front, Ramco is leveraging cutting-edge technologies around Artificial Intelligence, Machine Learning, RPA, and Blockchain, amongst others, to help organizations embrace digital transformation.
