Sedafiat Sdn Bhd Goes live on Ramco ERP

To better manage its support services and automate business operations, across the region

Sabah, Malaysia/ Chennai, India – September 27, 2016 – Malaysian government-backed Hospital Support Services provider [Sedafiat Sdn. Bhd.](#) today announced that it has successfully gone live with [Ramco Systems'](#) full-suite [ERP solution](#), to manage non-clinical services across 27 hospitals, in Sabah region.

Ramco's integrated ERP suite digitizes the Accounting, HR & Payroll and Supply Chain Management functions, including Book Keeping, Inventory, Procurement, Employee Information, Leave and Time Management, among the others. With an automated system in place, Sedafiat is well placed to manage operations spanning across Facility Management, Maintenance (Engineering & Bio-medical), Cleansing, Linen & Laundry Services and Healthcare Waste Management Services among others.

Commenting on the successful go-live, **Datuk Awang Buhtamam Awang Mahmud, CEO, Sedafiat Sdn. Bhd.**, said "Ramco's integrated ERP software has created a unified platform from which we can offer comprehensive support for Malaysia's leading public healthcare institutions. This suite has significantly streamlined our financial reporting functions and enabled us to better channel our resources."

Virender Aggarwal, CEO, Ramco Systems, added, "Ramco ERP has been gaining strong foothold in the APAC region. The comprehensiveness of the solution coupled with new-age features around Mobility, HUB and Bots has been helping us deliver customer delight. We are pleased to aid Sedafiat in its support of public healthcare by giving the business a powerful technology backbone, which gives the management the visibility and helps in streamlining operations across people, processes and projects."

Ramco ERP as a post-modern and single integrated ERP platform has been delivering significant innovation, cost savings, and superior business processes to organizations, globally. Ramco's focus on innovations in usability, context-awareness, mobility, overall flexibility, apart from comprehensive set of functionality has enabled smooth transitions possible for customers.
