## HP to partner Ramco for CBS

**CHENNAI:** Ramco Systems has selected HP Neoview as the preferred partner to deliver core banking analytics solution for customers in India. Ramco will work with HP to jointly market and deliver the solution on HP Neoview enterprise data warehousing platform to help customers accelerate growth through improved business insights. In a statement, Ramco said the joint solution will provide a real-time, performance management application exclusively designed for bankers to measure, monitor and manage their business goals, risks and growth.
